Are you a budding entrepreneur looking for guidance? We have something special for you.

Shirley Anthony, the author of *The New Entrepreneur*, has over 20 years' experience of running her own marketing consultancy which has given her first-hand insight of what obstacles business owners face and how to overcome them.

The book highlights all the opportunities available to entrepreneurs in the modern world- breakthrough ideas, gaps in markets to buy a franchise or existing business and gives you a firm understanding on how to make the most of what you have and to achieve your goal.
